ALSEN PORTLAND CEMENT

WE HAVE JUST RECEIVED a large shipment of this celebrated Cement, which is the STRONGEST AND MOST SERVICEABLE CEMENT MADE, and will permit the admixture of a larger amount of sand or gravel, with less loss of strength, than any other brand; it is therefore the most economical. ALSEN has no equal in color, fineness and sand carrying capacity. It weighs less per bushel, measuring about 10 per cent more cement to a barrel than other brands, which very materially reduces its cost as compared with other cements. It is therefore an economical cement to use, and specially adapted for fine concrete work.

The following tests, made in actual work by Col. D. C. Houston, Corps of Engineers, U. S. A., at the sea wall arounds, seven days, 600 pounds; thirty bor, has never been equalled by other cement. It is as follows: Tensile strength per square inch—One day, 384 pound Governor's Island, New York Harbor. For sidewalks it gives the best color and the most durable wearing surface.

A few of the large contracts in which Alsen Cement was used: Cable R. R., Baltimore, 35,000 barrels; Quebec Harbor Improvement, 20,000 barrels; Northern Pacific R. R. Bridges, 20,000 barrels.

RESOLUTIONS BY CITY'S PLUMBERS

Express Their Thanks to Sanitary Inspector E. J. Duffy.

At the regular meeting of the Journeymen Plumbers' Association last evening resolutions of thanks were passed by a unanimous vote to E. J. Duffy, the sanitary inspector, for his good work in pushing to completion the sanitary system of the city.

The association feels especially indebted to Mr. Duffy, as for some months a large number of its members were working about the city at odd jobs, but since the inauguration of the crusade against insanitary buildings the association's members have benefited. It is a young institution, but is making progress and has acquired members rapidly of late. The resolutions are as follows:

"Resolved, That the members of the Journeymen Plumbers' Protective Union view with satisfaction the great improvement in the plumbing and ventilating system of Honolulu since the appointment of a plumbing inspector, and we, the Journeymen Plumbers' Protective Association, congratulate the Board of Health and the people in general in having so capable and energetic and impartial a plumbing inspector as Mr. E. J. Duffy, and we extend to him our heartfelt co-operation."
